INITIAL FEE
A new ROMAC member company agrees to contribute a one-time initiation fee in addition to the annual membership fee. The initiation fee of $27,000 USD is due at the time the membership agreement is signed. An invoice will be sent for the initiation fee as well as the first year membership.

2018 ROMAC ANNUAL MEMBERSHIP FEE
Annual membership fee is $28,550 USD for the term January 1, 2018 – December 31, 2018. Annual invoices are sent in the last quarter of each calendar year for the following calendar year membership. Fees are due before March 31, 2018.

We are offering a 5% discount as an incentive for making your payment on-time, by March 31, 2018. Effectively, if you pay by the due date, a payment of $27,000 USD is expected and your dues remain the same, with no increase since 2012. If your payment will be received after March 31, 2018, the total amount of $28,550 USD is due.

ROMAC ANNUAL MEETING FEE
Each member company may send two (2) representatives to the ROMAC Annual Meeting. A nominal fee of $500 USD will be charged for each additional member company attendee.

SHORT COURSES
ROMAC faculty and students offer short courses that cover topics in rotordynamics, bearing and seal dynamics, magnetic bearings, and applied dynamics for industrial rotors. These courses can be scheduled independently of the offering below. Please contact us at ROMAC to discuss our offerings.
